The Against Malaria Foundation (Canada)

Directors' report for the year ended 30 June 2019

The directors of The Against Malaria Foundation (Canada) (the company) present their report on the company for the year ended 30 June 2019.

Directors

The following persons were directors of the company during the whole of the year and up to the date of this report:

Don de Savigny
Robert Mather
Peter Sherratt

Principal activities

The principal activity of the company during the year continued to be the collection of donations from the general public and the planned disbursement of these donations in the purchase of long-lasting insecticidal bednets ("LLINs").

Operating results

The company received donation income of \$2,851,630 (2018: \$1,161,651) during the year. All income was used to purchase long-lasting bednets via the company's sibling charity in the UK.

Review of operations

The company is part of an international network of 'Against Malaria' foundations, working together to aid the relief of suffering from malaria by the provision of funds for both the prevention and treatment of malaria and the advancement of education in the subjects of the problems and suffering caused by malaria and what can be done to alleviate them.

In order to achieve its objectives, the company and its sister foundation procures and arranges the distribution of LLINs.

The directors are happy to state publicly on the website (www.againstmalaria.com) and elsewhere that all public donations, i.e. 100% of funds received through sponsored swims and other fundraising activities, are used to buy LLINs. The ability to allocate 100% of funds raised to buy the LLINs is possible because of the generous pro bono support received from many individuals and organisations.

The company received \$2,851,630 in the current year (2018: \$1,161,651) and these funds were used to buy LLINs for the distribution of bednets, principally in Uganda, Ghana, Togo and Zambia.

Notes to the financial statements 30 June 2019

1. Structure and operations

The foundation was formed on 13 December 2006 as a registered charity whose main objective is to provide aid to those suffering from malaria. Such aid is provided by the provision of funds for the prevention and treatment of malaria and also the advancement of education projects relating to the suffering caused by malaria and what can be done to alleviate it.

Operating income for the year of \$2,851,630 (2018: \$1,161,651) is comprised of public sponsorship and donations received from the general public and institutions and is used to acquire long-lasting bednets via the foundation's UK sibling charity, with the cost of these bednets recharged to the foundation. All (ie 100%) of operating income is used to buy bednets.

2. Accounting policies

The financial statements have been prepared in Canadian dollars under the historical cost convention. The principal accounting policy adopted in their presentation, which have been applied consistently through the period are as follows:

Recognition of income and expenditure

Public sponsorship and donations are recorded as income upon receipt of the donation. Expenditure on bednets is recognised when funds are transferred to the UK sibling charity to cover the cost of those nets.

3. Taxation

The trust is not liable to tax on income provided the income is applied solely for charitable purposes. No tax is payable on any income generated to date.

4. Accumulated surplus
