INDEPENDENT AUDITORS' REPORT

To the Members of Habitat for Humanity Southern Alberta Society

We have audited the accompanying consolidated financial statements of Habitat for Humanity Southern Alberta Society, which comprise the consolidated statement of financial position as at December 31, 2017, the consolidated statements of operations and changes in net assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of Habitat for Humanity Southern Alberta Society as at December 31, 2017, and its consolidated results of operations and its consolidated cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

HABITAT FOR HUMANITY SOUTHERN ALBERTA SOCIETY

Notes to Consolidated Financial Statements

Year ended December 31, 2017, with comparative information for 2016

Nature of operations:

Habitat for Humanity Southern Alberta Society (the "Society") was incorporated without share capital under the Societies Act of Alberta on August 15, 1990. The Society has received tax-exempt status as a registered charitable organization under the Canadian Income Tax Act.

The primary objective of the Society is to work within Southern Alberta in advancing the interests of the economically disadvantaged, by constructing or renovating homes for low income families and providing non-interest bearing mortgages to enable them to purchase such homes. Prospective homeowners contribute "sweat equity" before taking ownership.

The Society formed 1458573 Alberta Ltd. ("1458573") as a wholly owned subsidiary in April 2009 to provide retail services for the gift-in-kind donations received by the Society. As of January 1, 2014, the social enterprise moved to the Society and is operated by the Society. The funds raised from the sale of product are used to offset administration costs of the Society.

1. Significant accounting policies:

(a) Basis of presentation and consolidation:

These consolidated financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations. These consolidated financial statements include the 100% owned subsidiary 1458573 Alberta Ltd.

(b) Revenue recognition:

Revenue from sale of properties is recognized when the homeowner signs the mortgage documents. The Society provides the homeowner an interest free first mortgage in the amount of the sale proceeds.

Habitat for Humanity Canada changed the national mortgage policy effective May 1, 2010, whereby the home will be sold to the partner family at fair market value. Prior to this policy change, home sale proceeds reflected the actual costs of land and construction.

Second mortgages are provided, when necessary, for the amount between fair value and cost. Family partner agreements signed prior to May 1, 2010, have, if applicable, forgivable second mortgages and are not recorded on the financial statements. Family partner agreements signed post May 1, 2010, have, if applicable, unforgivable second mortgages and are recorded as revenue at the time of home sale.

1. Significant accounting policies (continued):

(b) Revenue recognition (continued):

ReStore revenue is recognized when the customer purchases and pays for product.

PEAK administrative revenue is recognized as the units are sold and the Society has received the purchase contract and down payment deposit from the program partner.

Donations for which the donor has specified a particular purpose are deferred and recognized when that purpose has been accomplished.

Contributions restricted for the purchase of property and equipment is recognized at the time property and equipment is purchased.

Donated land, inventory and material, which would otherwise be paid for by the Society, are recognized in the financial statements at fair market value when the value can be reasonably estimated.

Donated investments are recognized at fair market value when received by the Society.

Grants are recognized as revenue when a commitment occurs and the amount has a strong likelihood of receipt.

(c) Restricted cash:

Restricted cash is managed by the Society on behalf of the Trico Charitable Foundation and the Alberta Government, for the Public Essential and Key Workforce (PEAK) Mortgage Program. Funds are distributed in the form of non-repayable monthly mortgage subsidies and interest-free second mortgages for program clients.

(d) Investments:

Investments are carried at fair market value which represents the last closing price, net of broker fees. Changes in unrealized gains and losses are disclosed in the statement of operations.

(e) Land and real estate held for sale:

Land and real-estate held for sale is carried at the lower of cost and net realizable value.

(f) Projects held for sale and under development:

Projects held for sale are carried at the lower of cost and net realizable value. Payments received from prospective homeowners under "tenancy-at-will" agreements are held by the Society to be applied against the outstanding mortgage balance upon sale of the home. Projects under development are carried at cost.

1. Significant accounting policies (continued):

(g) Inventory for construction projects:

Inventory consists of construction materials, and is valued at the lower of cost and net realizable value. Cost is determined on a specific item costing basis.

(h) Mortgages receivable:

Prior to the change in the National Mortgage Policy, projects were sold to homeowners at the cost of construction and financed by interest-free first mortgages. Second mortgages represented the difference in value between the fair market value and the cost to build the home and were forgivable, subject to certain conditions, over a period of 25 to 30 years. Second mortgages, if applicable, are no longer forgivable for those family partnership agreements issued after May 1, 2010. Post policy change, mortgage values are determined based on the appraised market value of the home. In the normal course, it is not anticipated that any proceeds will be received from second mortgages for those family partnership agreements issued prior to May 1, 2010; thus, no value is attributed to them in these financial statements.

(i) Property and equipment:

Property and equipment is stated at cost. Contributed property and equipment is recorded at fair market value at the date of contribution. If fair market value cannot be reasonably determined, such contributions are not recorded. Depreciation is calculated over the estimated useful lives of the assets using the methods and rates indicated below. Rates applied in the year of purchase are calculated at one half of the stated rate:

Asset	Method and rate
Automotive and trailers	20% - 30% declining balance
Computer equipment	20% - 30% declining balance
Construction mobile equipment	20% - 30% declining balance
Construction tools and equipment	20% declining balance
Office equipment and furniture	20% declining balance
Leasehold improvements	5-10 years straight line

1. Significant accounting policies (continued):

(j) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently measured at fair value.

All other financial instruments are subsequently recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value. The Society has not elected to carry any such financial instruments at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the Society determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the Society expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

(k) Use of estimates:

The preparation of consolidated financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. Significant estimates may include the fair value of donated items, the recoverability and useful life of property and equipment, the fair value of land and real estate held for sale and projects under development.

(l) Allocation of fundraising/general administration expenses:

The Society classifies expenses on the statement of operations by function. The Society does not allocate expenses between functions on the statement of operations.

HABITAT FOR HUMANITY SOUTHERN ALBERTA SOCIETY

Notes to Consolidated Financial Statements, page 5

Year ended December 31, 2017, with comparative information for 2016

2. Financial instruments and related risks:

(a) Fair value of financial assets and financial liabilities:

Financial instruments include cash, restricted cash, investments, accounts receivable, accounts payable and accrued liabilities, operating line of credit, Evergreen term loan and Evergreen line of credit. These financial instruments approximate their carrying value because of their short-term nature or interest rates being comparable to market rates.

The fair market value of mortgages receivable are not determinable, as no comparable market exists. Investments are stated at their fair value on a portfolio basis based on closing prices for publicly traded securities and quoted prices for fixed rate investments.

(b) Credit risk:

The Society is exposed to credit risk in the event of non-payment of mortgages receivable. Credit exposure is minimized by holding the properties as security. Cash is held in a chartered Canadian commercial bank.

(c) Interest rate risk:

Interest rate risk arises from the Society's holdings of fixed income securities. As interest rates fluctuate, the fair value of these securities will be impacted.

(d) Liquidity risk:

Liquidity risk is the risk the Society will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The Society manages its liquidity risk by monitoring its operating requirements. The Society prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations.

There have been no changes to the risk exposures from 2016.

Net interest and charges not transferred	132	1,583
Balance, end of year	\$ 807,453	\$ 792,366

4. Investments:

The Society invested \$250,000 with the Calgary Foundation in 2005 to fund commitments made under a ground lease agreement entered into for the purposes of a development project (note 18(b)) and has revised its contribution commitment to 20% of the monthly mortgage payments received in relation to the project until the total investment reaches \$500,000. The Society is not required to make a contribution to the Repurchase Fund as it has reached its target balance. The fair market value of these investments at December 31, 2017 is \$618,303 (2016 - \$561,956) and cost at December 31, 2017 remains at \$318,700. In 2017, the Society held unrestricted investments with a fair market value of \$115 (2016 - \$115). Net income earned from the Calgary Foundation investment in 2017 amounted to \$24,346 (2016 - \$22,283).

7. First mortgages receivable:

Non-interest bearing first mortgages are for 20 to 55 year terms and secured by the related land and building. New mortgages valued at \$5,548,632 (2016 - \$4,187,507) were issued during the year. Annual mortgage repayments for 2017 totaled \$1,104,778 (2016 - \$995,366).

Net mortgage repayments expected over the next five years are as follows:

2018	\$ 1,270,405
2019	1,235,643
2020	1,225,221
2021	1,208,942
2022	1,197,617

The Society holds forgivable second mortgages dated prior to May 1, 2010, aggregating \$3,545,553 on 56 units (2016 - \$3,685,810 on 59 units) which expire at the end of the 25 to 50 year terms. As at 2017 and 2016, there are no unforgivable second mortgages recorded on the statement of financial position.

8. Second mortgages receivable:

PEAK second mortgages are secured by the related land and building. These mortgages are non-interest bearing for the first 5 years, with interest accruing at 5% for Milano and 3% for York 29, compounded annually thereafter. No payments are required unless the homeowner sells, rents or defaults on the designated housing unit. A mortgage reduction of \$6,000 is available if the second mortgage is repaid within 10 years of the original mortgage adjustment date. In 2017, 26 Milano units (2016 – 32 units) accrued interest totaling \$38,103 (2016 - \$38,941). In 2017, 12 York 29 units accrued interest of \$7,722 (2016 - \$nil).

High River second mortgages are secured by the related land and building. These mortgages are non-interest bearing for the first 5 years, with interest accruing at 3%, compounded annually thereafter. No payments are required unless the homeowner sells, rents or defaults on the designated housing unit. In 2015, 10 High River homeowners received second mortgages for a total of \$295,000.

10. Accounts payable and accrued liabilities:

Included in accounts payable and accrued liabilities are government remittances payable of \$46,312 (2016 - \$6,950), which includes amounts payable for GST.

11. Credit facilities:

The Society has available a \$1,000,000 demand operating loan facility to be used for general operations. This facility bears interest at bank's prime rate per annum (2016 – bank's prime rate). The facility balance as of December 31, 2017 is \$610,000 (2016 - \$nil).

The Society has available a \$10,000,000 demand Evergreen credit facility, of which \$3,500,804 was utilized at December 31, 2017 (2016 - \$3,603,116).

	2017	2016

The Society also has available a \$1,000,000 demand credit facility to be used for the issuance of Letters of Credit in support of municipal utility and other similar obligations. This facility accrues interest at bank's prime rate plus 1% per annum if drawn.

Security on these facilities consists of a General Security Agreement providing a security interest over all present and after acquired personal property and a floating charge on all lands.

The banking facilities available to the Society are subject to certain financial and non-financial covenants including meeting minimum ratios. As at December 31, 2017, the Society is in compliance with all such covenants. The next annual review date for any demand credit facilities is set for May 31, 2018.

12. Deferred revenue:

The Society received cash donations, grants, sponsorships and gift-in-kind during the year which have been deferred for future use.

14. High River program liability:

The High River program liability is managed by the Society on behalf of Rempel Homes and the Canadian Red Cross.

As second mortgages are repaid by homeowners, these funds, as well as any interest received, is distributed to the sustainability fund in accordance with the terms of the funding agreement. The funds accumulated in this sustainability fund will continue to accrue over time to help fund future initiatives of the Society.

15. Reserve fund liability:

In 2016, the Society set up a reserve fund for the future condominium corporation that will oversee the management of the Pineridge Project. The corporation will be registered once the project is complete. These funds will be transferred to the condominium corporation at that time.

16. Related party transactions:

The Society is an affiliate of Habitat for Humanity Canada. Habitat for Humanity is a global partnership, and in recognition of this, each affiliate is committed to contribute at least 10% of its non-designated cash contributions to international work. All funds received have been designated for local operations and construction therefore the Society contributed a discretionary contribution of \$25,000 in 2017 (2016 - \$25,000). The Society's contribution assists Habitat for Humanity International's work. During the year, the Society paid ReStore royalties of \$125,818 (2016 - \$165,820), affiliation fees of \$129,166 (2016 - \$172,415) to Habitat for Humanity Canada. In 2017, the Society received \$275,330 in cash donations, grants and sponsorships (2016 - \$341,037) in addition to \$339,453 of gifts-in-kind (2016 - \$505,294) from Habitat for Humanity Canada. The amount due at year end to Habitat for Humanity Canada is \$60,775 (2016 - \$81,998) and included within accounts payable and accrued liabilities.

17. Commitments and contingencies:

- (a) The Society is committed to payments under operating leases for office and store space, furniture and computer equipment. The future minimum commitments are as follows:

2018	\$ 722,872
2019	739,779
2020	664,399
2021	324,991
2022	253,137
Thereafter	524,992

- (b) The Society has entered into a renewable 99-year ground lease (the "lease") for the purposes of the development of a 27 unit (Suncourt) townhouse project. The lease became effective July 1, 2003 with annual rental payments in the amount of \$20,000. The lease provides for an adjustment every 30 years to the annual rental based on the lesser of 4% of the fair market value of the land under lease, excluding improvements, and \$60,000. The lease specifies that the Society must use the land solely and exclusively for the purposes of alleviating the problem of a lack of affordable housing for low-income families in Calgary, Alberta. The Society has committed to repurchase all units back from owners and may fund these commitments through the investment held with the Calgary Foundation. There were two unit buybacks in 2017 for \$86,309 per unit (2016 - one unit for \$86,309) (note 4).
- (c) The Society entered into a renewable 99 year ground lease ("Sheftel Lease") with the Calgary Community Land Trust, for the purposes of the development of a 12 unit townhouse project in north-west Calgary. The lease became effective February 25, 2008 with annual rental payments in the amount of \$10,800. The lease provides for an adjustment every 15 years (Rent Adjustment Date) to the annual rental based on 4% of the fair market value of the land under lease, excluding improvements. The lease specifies that the Society must use the land solely and exclusively for the purpose of alleviating the problem of a lack of affordable housing for low-income families in Calgary, Alberta. Due to this specification, the Society has committed to repurchase all units back from owners and may fund these commitments through the investment held with the Calgary Foundation. There was one unit buyback in 2017 for \$192,500 (2016 – two units for \$160,455) (note 4).
- (d) The Society issues letters of credit through its financial institution to provide guarantees to certain vendors. The balance of outstanding letters of credit is \$556,539 (2016 - \$572,839).
